Roku Device Activation

Written By: Micheal Roy

## INTRODUCTION

For the Roku device activation, you need to process many steps to activate the device. But the Roku device activation is simple and easy. To activate the device, you need to generate the code and enter the code on the url roku com link site. You can get this code only after processing the initial steps on the Roku device. Get the code and enter the code on the <https://sites.google.com/site/rokulinkco...> site and activate the Roku streaming player
